Yes Nic, Sorry to get back so late. I can make time to visit during the week of June 7th. Shoot me some times that week that work for them.

On Tue, May 18, 2021 at 10:31 AM Peak, Nicholas <[Peak.Nicholas@epa.gov](mailto:Peak.Nicholas@epa.gov)> wrote:

Matt, I'm still trying to nail down a time for you to chat with our contractors regarding the review of the 4 Brothers NOI/NMP. They've got a few questions that can be answered verbally. However, if you're unable to meet with them, they can complete the review but there will be remaining questions that need to be answered.

Do you have time next week to have a phone call to talk about this?

**Subject:** Re: Following up on 4 Bros NMP/NOI

I have had a couple conversations with 4 brothers and a site visit so i can answer those later this week.

On Mon, May 3, 2021, 1:08 PM Peak, Nicholas <[Peak.Nicholas@epa.gov](mailto:Peak.Nicholas@epa.gov)> wrote:

Matt,

I emailed some follow up questions a couple of weeks ago about 4 Bros NMP review. Have you had time to take a look at those questions? I'd like to set up a conversation between you and our contractors doing the NMP review to see if some of those questions can be cleared up. We can't move any further on the NOI/NMP approval until those questions are answered.

Feel free to give me a call to chat if needed. I'd like to possibly set something up this week or next so we can get this wrapped up ASAP.

Thanks

-Nick
